BRISBANE
AUSTRALIA

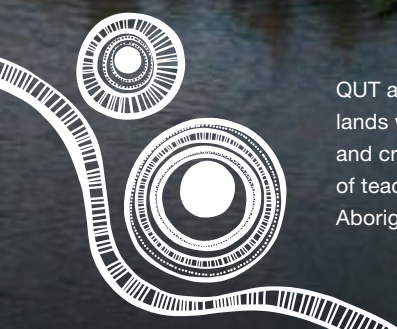

the university for the real world®

JOIN US IN **BRISBANE**

The **ULTIMATE** study abroad destination

QUT acknowledges the Turrbal and Yugara, as the First Nations owners of the lands where QUT now stands. We pay respect to their Elders, lores, customs and creation spirits. We recognise that these lands have always been places of teaching, research and learning. QUT acknowledges the important role Aboriginal and Torres Strait Islander people play within the QUT community.

WHY **CHOOSE QUT**

The QUT Study Abroad and Exchange program offers you an exciting opportunity to enrich your education journey with a global perspective at a leading Australian university.

As a student currently enrolled at an overseas university, you can embark on a one- or two-semester adventure at QUT, where you can explore your passions and broaden your horizons.

Support from start to finish

At QUT, we've got your back. As a Study Abroad or Exchange student you will have your own dedicated team to help you along the way and make your university journey as smooth as possible.

Extensive choice of units

Choose your own adventure with more than 1,200 units available. QUT lets you design your own journey. Or check out the study packages available to you.

Central location

Situated in the heart of Brisbane, you will be able to mix study and travel and take advantage of Brisbane's location as the gateway to the many tourist spots that Queensland has to offer.

Cutting-edge facilities

Discover our state-of-the-art facilities at QUT—where innovation and imagination come to play. Explore the amazing world of possibilities that await you.

Endless extracurriculars

Explore a wide range of clubs, activities and events to enhance your university experience beyond the classroom.

189th university in the world

QS World University Rankings 2024

Queensland is the sunshine state

Choosing to study in Queensland at QUT will be the best decision you'll ever make.

A semester at QUT offers you the best of both worlds—high-quality learning and the ultimate gateway to your Australian adventure.

Whether you're here for one semester or two, your weekends and mid-semester break will be well spent exploring, hiking, strolling, surfing, kayaking or snorkelling around the Sunshine State.

Scuba dive at the Great Barrier Reef, take a road trip to K'gari (Fraser Island), learn to surf on the Sunshine Coast, get a thrill at the Gold Coast's famous amusement parks, cuddle a koala at Lone Pine Sanctuary or abseil down the Kangaroo Point cliffs—all without leaving Queensland.

Make Brisbane your home

Come and spend a semester in Brisbane—or 'Brissy' as the locals call it. You'll feel right at home in a safe, welcoming and student-friendly city.

Brisbane—also known as the River City—is Queensland's capital. Every day, you'll find people running, picnicking or enjoying their morning coffee by the river that winds through the city. With 240 days of sunshine each year and cafés, restaurants, night life, entertainment, thriving music scene and a host of other exciting adventures on your doorstep, it's easy to see why Brisbane is one of the most liveable cities in the world.

Brisbane's subtropical weather, free Wi-Fi throughout the city and reliable public transport system makes getting around easy. You can choose to walk, cycle, scooter or catch the train, bus or ferry to university—and you'll receive discounted student fares.

TAKE A VIRTUAL TOUR
OF YOUR CAMPUSES
qut.edu.au/virtual-tours

Your campuses and facilities

QUT has two inner-city, green campuses that put you in the middle of the action.

Gardens Point is in the heart of the city beside the Brisbane River (Maiwar) and City Botanic Gardens. Our Kelvin Grove campus is just three kilometres from the city. Both campuses offer food, entertainment, fitness and healthcare options for students.

Where you study will depend on the units you choose. Units in architecture and built environment, business, engineering, some health disciplines, information technology, law, mathematics and science are offered at Gardens Point. Kelvin Grove campus is home to units in communication, creative arts, design, education, health and justice, as well as our English and pathway programs at QUT College.

Our campuses are connected by a free, accessible shuttle bus which is handy if you're studying at both campuses. Even if you're not, you can still hop on board anytime you like to use the facilities at either campus. Visit qut.edu.au/about/campuses-and-facilities

Gardens Point

At our Gardens Point campus you can discover Australia's number one research institution in robotics—QUT Centre for Robotics. Explore the Engineering Precinct including the Motorsport Lab and biomedical, electrical and civil facilities. Our architecture and built environment workshop spaces and fabrication facilities are there for you to draw, draft and build models. The Economics and Finance Bloomberg Lab gives you access to real-time financial data from Bloomberg to conduct financial analyses.

Kelvin Grove

Our Kelvin Grove campus is part of the thriving Kelvin Grove Village that has shops, restaurants, a weekly market, residential units, parkland and fitness facilities. The campus features our Education Precinct which offers learning spaces, study pods and community areas interwoven with nature and technology. As a health student, you can hone your skills in our simulation centres. Also located at the Kelvin Grove campus is QUT College which offers a range of premium English language programs.

**Free shuttle bus
between campuses**

which leaves
every 15 minutes.

Two inner-city campuses

Interwoven with nature
and technology.

Life on campus

QUT is a diverse and welcoming place. Make the most of what university life has to offer.

Your welcome to QUT

Make sure you put Welcome Week at the top of your must-do list. It takes place before classes start and will set you up for your time at QUT. Welcome Week is your chance to:

- join student clubs and social sport teams
- make friends you'll have for a lifetime
- enjoy social events, food stalls and live entertainment
- get to know your lecturers and tutors
- explore the campus and find your classes.

You'll also attend a Study Abroad and Exchange Orientation session where you'll meet fellow international students and be officially welcomed to QUT, followed by a welcome party.

Find your people

Choose from 125 student clubs with a focus on sport, politics, culture, religion or special interests—everything from surfing to science. Connect with current domestic and international students for peer-to-peer guidance and social support during your time here through the QUT Peer Program.

Share your experience, tips and tricks with QUT students preparing to go overseas on their own study abroad adventure by attending one of our networking events. You can showcase your home university and country through participation in various events throughout the semester while getting to know like-minded students.

Sport and fitness

Whether you prefer your sport to be team or individual, social or competitive, QUT offers opportunities to represent, engage and connect through a range of sports including netball, tennis, football, esports, motorsport and swimming. Join weekly social sport programs, take part in intervarsity and nationals, or compete through technology with our leading national esports, virtual cycling and sports platform. Make the most of the on-campus facilities including gyms, tennis courts, aquatic centres, basketball court, FIFA-accredited sports field with a running track, esports arena and outdoor multi-sport facility.

International student stories

We think QUT is the best place to study, but don't just take our word for it. Read international student stories, including those from past study abroad and exchange students. Find out what they thought of their semester or year abroad at QUT. Soak up their advice and read the highlights of their travel and study life.

Thrive and succeed

We've welcomed thousands of international study abroad and exchange students, and we are ready to welcome and support you during your time here.

Personalised support

We have a dedicated Study Abroad and Exchange team who are here to help you through your journey at QUT. You will also have access to all of the university's support services, many of which are free or covered with your student health insurance, such as:

- pre-departure information
- free airport reception upon arrival in Brisbane
- accommodation services
- advice, counselling and welfare support
- on-campus medical centres
- academic writing, reading and English language skills
- group study opportunities
- social events and networking opportunities
- personal development programs and careers
- disability support
- multi-faith chaplaincy.

HiQ student centre

Your success is important to us. That's why we have a dedicated student centre—HiQ—on both campuses. HiQ is the place to go for all student services, technology support, library services and general enquiries. You can contact HiQ by chat, email, phone or face-to-face on campus.

A glimpse into QUT life

It has always been one of my biggest dreams to come to Australia and study at university. When I found out that I was selected to spend my exchange semester at QUT I was so excited and I couldn't wait for my adventure to start.

I did many extracurricular activities that I have great memories from. I joined the Surf Club and BAMSA (Business and Management Student Association). Both are amazing clubs! I attended a BAMSA business conference where there was a range of large companies such as Ernst and Young, Deloitte, and SAP. Thanks to this event, I decided to apply for a student position at Deloitte and I was selected to participate in the Deloitte Insider Program. I spent one month there working on a project providing solutions and creating strategies. This was such an unforgettable experience and one of the greatest achievements of my life.

My best advice, if you are thinking of going on exchange and you are feeling scared, is you should do it. It can be daunting and overwhelming at the start but it's going to be a valuable and positive experience in the end.

Enjoy the moment. Try new food, adventures and travels. Trust yourself. You won't regret it. Great things happen when you step out of your comfort zone.

MATILDE GUALA MOLINO

Exchange student

Choosing your QUT units

QUT offers a wide range of disciplines that align with your studies at your home institution.

You can choose to study at QUT for one or two semesters, beginning either Semester 1 (February to June) or Semester 2 (July to November). Most QUT units are valued at 12 credit points each. As a guide, a 12 credit point QUT unit is usually equal to 4 US credits, 7.5 ECTS or 15 UK credits.

A standard full-time study load at QUT is four units (48 QUT credit points or 30 ECTS) per semester and most QUT students study this amount. You can study a minimum of three units (36 credit points or 22.5 ECTS) and up to five units (60 credit points or 37.5 ECTS).

More than 1,000 units available

Design your own study plan with more than 1,000 units from our 12 study areas.

Earn credit for your study

Approved units will let you transfer your academic credit back at your home university. To earn credit towards your home degree, you must make sure that your proposed units are approved by your own university.

*Study level: UG = undergraduate coursework; PG = postgraduate coursework.

I would 100 per cent recommend QUT to others. QUT offers a great range of different courses and I love how hands on they are and how there is appropriate support available.

There is a diverse range of different software used to support our learning, and it has definitely made me learn a lot! It really boosts my confidence moving forward and into the professional world knowing that I am familiar and have knowledge how to use them.

All the student clubs, societies, and events in QUT are super worth it to participate in. I am in 180 Degrees Consulting QUT. I enjoy working with ambitious, like-minded students who want to start a path in the consulting industry after graduating. I have done a project via my student club. Our client was a not-for-profit, and I was a part of the consultant team that helped with a strategic proposal. It was an honour to be a part of the team—I learned so much about working professionally with other people, and some technical expertise as well.

It's been an incredible semester for me so far as an exchange student at QUT. I wouldn't change my decision for the world.

Professional experience and study packages

We've developed a range of professional experience and study packages for students in business, design, education, justice, law, nursing and science.

With these packages, you'll study four set units and get real-world Australian experience.

Explore your choices

Business

QUT has a leading international business school. We take a real-world learning and teaching approach—delivered by experts of the industry—that places us within the top one per cent of business schools worldwide and the first in Australia to be accredited by all three of the world's leading accreditation bodies (triple crown accreditation).

Australia's first business school with triple international accreditation

Choose from the undergraduate or postgraduate options on offer across a range of business disciplines. As long as you meet the prerequisites, you can choose subjects from any of our discipline areas to suit your interests.

FIND OUT MORE
qut.edu.au/business-packages

Design

The QUT School of Design is a world leader in design teaching and research. Our hands-on creative environments will allow you to develop your own style and build your portfolio throughout your semester at QUT.

Choose a package depending on your interests and previous study. You will also have the opportunity to choose to study at one of our award-winning design Impact Lab units. This practical learning unit allows you to collaborate, negotiate and address design solutions posed by industry partners and stakeholders.

FIND OUT MORE
qut.edu.au/design-packages

Education

Our packaged units are designed to provide you with an exceptional teaching experience in a supportive environment. You will spend 15 days in a local school classroom with a supervising teacher at your preferred level (early childhood, primary or secondary). The other subjects you study alongside your teaching experience will provide you with the knowledge about the Australian approach to curriculum and teaching strategies.

FIND OUT MORE
qut.edu.au/education-packages

Justice

Learn to create a more just, equitable world. Study policing and governance, learn about the contemporary issues in social justice that are influencing our lives, and build skills and strategies to shape a fairer society. For those without previous studies in justice, we also offer an introductory package.

FIND OUT MORE
qut.edu.au/justice-packages

Law

Gain an Australian perspective on the system of contemporary law and build an essential career skill. QUT is recognised for our practical, real-world legal training delivered in high-quality, city-based learning facilities. You don't need previous studies in law for many of the units and packages.

The QUT Law Society Inc. also runs a Moot Club and holds workshops for students to improve their skills.

FIND OUT MORE
qut.edu.au/law-packages

Nursing

Our study abroad and exchange program offers units from a wide range of allied health disciplines that are professionally recognised in Australia. We have partnerships with governments, health organisations and communities to offer real-world clinical and practical training. Study in multi-million-dollar facilities and simulation centres to hone your skills before undertaking 160 hours of real-world clinical and practical placements*.

FIND OUT MORE
qut.edu.au/nursing-packages

Mathematics and science

Science packages give you hands-on learning in a practical field, with amazing real-world applications and outcomes. Get experience in the lab, work in the field and contribute to exciting research. Choose a package in biology and environmental science, chemistry and physics, computer science, earth and atmospheric sciences, information systems, or mathematical sciences depending on your interests and previous study. Get ready for an unforgettable study abroad experience in Brisbane.

Study abroad with English

Looking for a study abroad destination where you can improve your English language skills?

Our programs are a great way to improve your English language skills while studying abroad and immersing yourself in life at QUT.

Why choose to study abroad and exchange with English at QUT?

- Meet the academic English requirements before your study abroad semester or year.
- Improve and develop your English language skills.
- Study on campus with access to all services and facilities across the university.
- Learn to operate effectively in an Australian university setting.

Accommodation

Our inner-city campus locations mean there is no shortage of accommodation options—some right on our doorstep.

And with a great public transport network including buses, trains and ferries—as well as a free intercampus shuttle—getting around is easy too.

To help get you settled, our Accommodation Services team provides information about student accommodation and a vacancies database, as well as advice about finding the right place.

Student apartment complexes

These complexes offer self-catering in a single apartment or a room within a larger apartment. They are fully furnished and provide a supported student community. Cost per week is approximately AU\$550 for a single apartment or AU\$399 for a room in a larger apartment.

Catered student accommodation

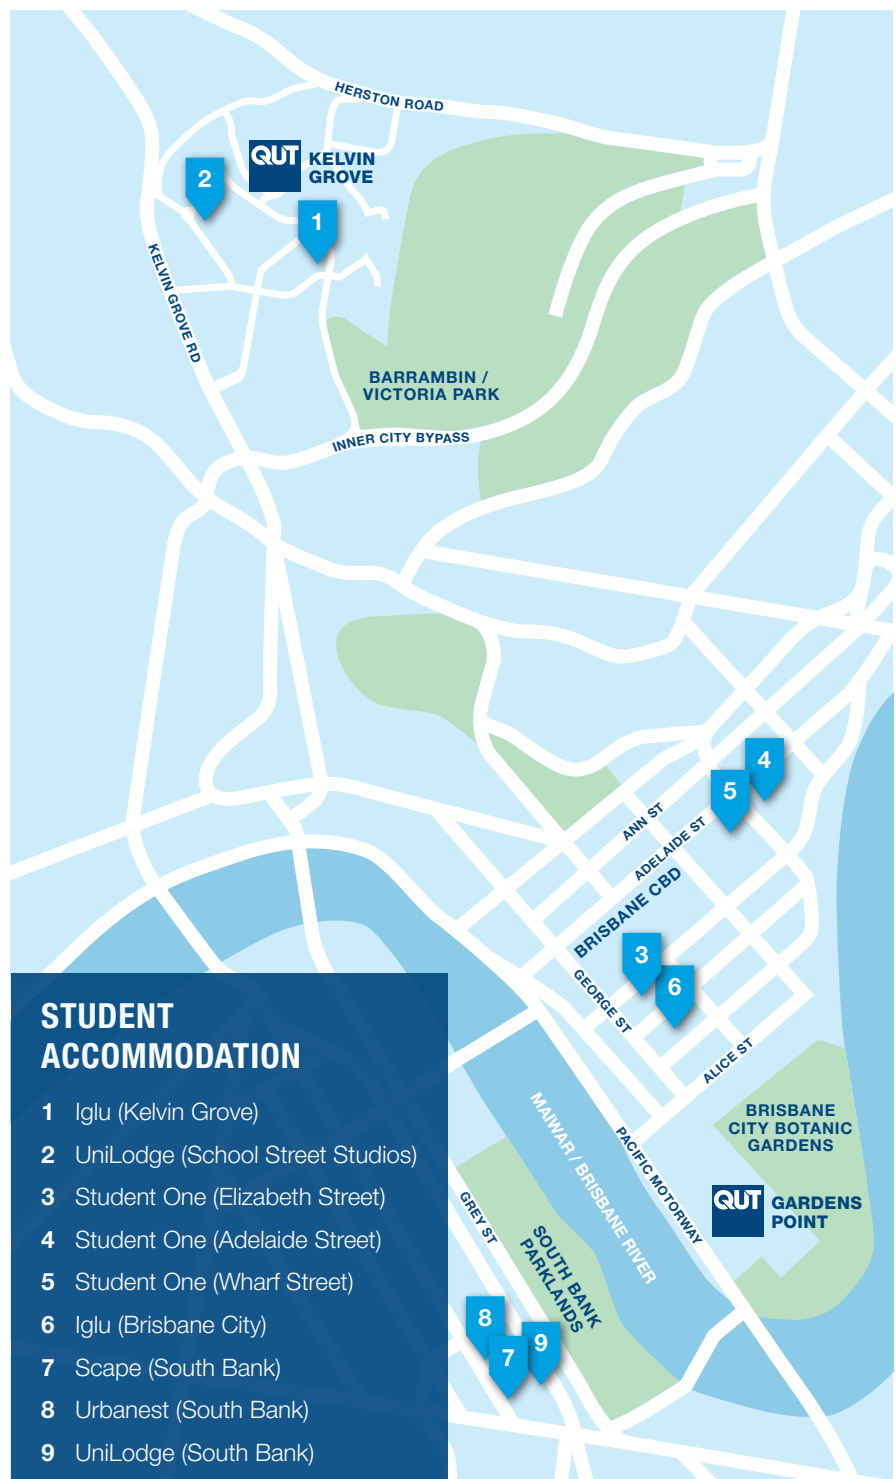

This accommodation is available through student residential colleges, which also offer a community environment. Cost per week is between AU\$600 and AU\$770.

Private share house accommodation

Share-house accommodation provides you with your own fully furnished, lockable bedroom and shared common areas such as bathroom, kitchen and living area. They are managed by real estate agents or other companies specialising in student accommodation. Cost per week is from AU\$200. Private share houses are often prepared to negotiate lease durations (less than six months) and are sometimes even prepared to negotiate weekly rental rates. Utilities would not typically be included.

Cost of living

Brisbane is an affordable city, and we want you to make the most of your time in Australia. See the tips below to get you started with planning a budget.

Getting settled

If you are moving to Brisbane, during your first few weeks you will need around AU\$2,500 to get established, including accommodation costs, money to set up your new home, food and transport.

Monthly cost of living

This table estimates your monthly expenses whilst studying at QUT. These are a guide only and costs may vary according to your lifestyle. All prices are in Australian Dollars.

Cost of living calculator

Study Australia provides a helpful online cost of living calculator to estimate your weekly, monthly, and yearly living costs.

costofliving.studyaustralia.gov.au

	STUDENT APARTMENT COMPLEX	CATERED STUDENT ACCOMMODATION	PRIVATE SHARE HOUSE ACCOMMODATION
Rent	\$1,600–2,200	\$2,400–2,650	\$800–1,600
Utilities (gas, electricity, water)	\$150–175*	\$150–175*	\$150–175*
Food	\$560–1,500	Included	\$560–1,500
Mobile phone/internet	\$50–120	\$50–120	\$50–120
Public transport	\$100–150	\$100–150	\$100–150
Total	\$2,460–2,795	\$2,700–3,095	\$1,660–3,545

*Some student accommodation providers include electricity, gas and internet costs in rent. However, check with your provider to be sure.

Student concessions

Your QUT ID card grants you access to concession prices for public transport, entertainment, food, the cinema, technology and much more.

Working while studying

A student visa typically allows you to work up to 48 hours per fortnight during semester. While this may allow you spending money, you should not expect this to cover your living expenses.

Tuition fees

Exchange students continue to pay their tuition fees to their home university.
Study abroad students will need to study and pay for three to five units.

2025 Study Abroad fees

Tuition fees shown by QUT credit points and in Australian dollars. These are subject to annual review.

Three units (36 QUT credit points or 22.5 ECTS)	AU\$7,776	Four units (48 QUT credit points or 30 ECTS)	AU\$10,368	Five units (60 QUT credit points or 37.5 ECTS)	AU\$12,960

READY TO APPLY?

FIND OUT MORE

qut.edu.au/study/applying/study-abroad-and-exchange

If you like what you've seen here, we look forward to receiving your application. Follow the simple steps below to make it as easy as possible.

1 GET HOME UNIVERSITY APPROVAL

- If you are an **exchange student** you must be nominated by a QUT partner institution. Your home university's international office will be able to help you with your study options.
- If you are a **study abroad student**, you can apply online directly to QUT or through an authorised education agency in your home country.

2 CHECK THE ENTRY REQUIREMENTS

You must:

- have a minimum GPA (grade point average) of 2.5 on a 4-point scale or equivalent
- have completed at least one year of full-time study at a recognised institution
- be nominated by one of our partner institutions (exchange only)
- meet the English language requirements if English is not your first language or if you have not undertaken a course taught entirely in English.

3 CHOOSE YOUR UNITS

Choose the units you will study at QUT. Choose a package of units or separate units from one or more study areas. Before choosing your units, make sure:

- the units are approved by your home university
- to choose units being offered in the correct semester (teaching period)
- you meet any prerequisite study requirements
- you select the right level of study.

4 CHECK THE KEY DATES

- Applications for Semester 1 (February–July) are due on 2 January each year.
- Applications for Semester 2 (July–November) are due on 1 June each year.

5 SUBMIT YOUR APPLICATION ONLINE

- **Exchange students** will receive application information once your home university and QUT have both approved you to apply.
- **Study abroad students** must apply online directly to QUT or through an approved education agency.

6 UPLOAD YOUR SUPPORTING DOCUMENTS WITH YOUR APPLICATION

- Passport (must be valid for six months after your study at QUT finishes).
- Most recent academic transcript (in English).
- English language proficiency test, or equivalent (if required).

7 WHAT HAPPENS AFTER YOU APPLY?

- If eligible, we will issue you with an offer to study at QUT.
- Once you accept your offer, we will send you a Confirmation of Enrolment (CoE) document, which you can use to apply for a student visa for entry into Australia.
- **Study abroad students** will be directed to a payment portal to finalise their study abroad fees.
- We recommend applying for your student visa as soon as you receive your CoE.
- All **study abroad and exchange students** must have adequate Overseas Student Health Cover (OSHC). QUT can organise this for you through our preferred provider, Medibank.

STUDY ABROAD VS EXCHANGE

Study abroad—The study abroad program is available to both students who study at one of our exchange partner institutions and non-partner institutions. The study abroad experience is a fee-paying visiting student program.

Exchange—The exchange program is available to students who are enrolled at one of our partner institutions. You continue to pay your home university tuition fees.

Our Study Abroad and Exchange team is here to help.

You're important to us, so we want to make sure you have the opportunity to chat with our real-world advisers about all things QUT.
